Dear Folks -

Not too much to write about - Today is Labor Day so we didn't do too much - those that didn't fly just laid around I flew this morning for about 3 1/2 hours - taking an instrument check - not fun - we seem to be doing training - good practice though & I passed it OK - also did my laundry this afternoon - so I accomplished some thing today - Am fine & hope you are all well & OK -

How's Gramma - I'll show tonight - but don't think I'll go - We got small doses now in our barracks - really OK now - keeps the dust off anyway -

Got the O'Leary Press
yesterday - I quit. I know what
else to write - just isn't
any thing to write about -

How's your sister - I hope she
got well - I'm loved for
new tonight so I'll quit

Love
Howard
